Tom Toomey, UDR's President and CEO stated, "We are pleased with the progress we made in further transitioning our portfolio in 2011, including \$1.2 billion of acquisitions in New York City, a \$500 million asset exchange that increased our presence in San Francisco and the Boston metro area, the expansion of our development and redevelopment pipeline by over \$800 million and the disposition of \$594 million of non-core assets. These transactions improved the Company's portfolio by increasing our ownership interests in markets characterized by above-average job growth, low home affordability, below-average new supply risk and superior revenue growth and return prospects." Mr. Toomey continued, "Driven by sound market fundamentals, a more advantageous geographic and asset mix and our robust operating and technology platforms, 2012 will be another strong year for UDR. As a result, the Board of Directors has approved a 10% increase in our annual common stock dividend to \$0.88 per share for 2012."

In addition, the Company acquired a land parcel adjacent to its [Vitruvian ParkSM](#) development in Addison, TX for \$4.7 million and a land parcel adjacent to its [Garrison Square](#) community in the Boston metro area for \$4.6 million.

Joint Venture Investment Activity

The 292-home apartment community is located in the Logan Circle neighborhood near the 14th Street Corridor, is within minutes of the Mt. Vernon Square and McPherson Metro Stations and is near UDR’s wholly-owned [Andover House](#) community. The 10-story community was completed in 2006, is well-amenitized, has a 256-space parking garage and had an average monthly income per occupied home of \$2,740 at the time of acquisition. Additional details related to the transaction can be found in the [December 21, 2011](#) press release on the Company’s website at www.udr.com.

Following the purchase of [1301 Thomas Circle](#), there remained approximately \$169 million of investment capacity under the terms of the joint venture agreement.

Disposition Activity

During the fourth quarter of 2011, the Company sold nine communities containing 2,331 homes for \$275.4 million in total gross proceeds, bringing full-year 2011 asset dispositions to \$593.9 million. At the time of the fourth quarter dispositions, total income per occupied home for the communities sold averaged \$1,065 per month. The fourth quarter dispositions were located in a variety of markets including the Eastern Shore of Maryland, Raleigh, the East Bay area of San Francisco, the Inland Empire, San Diego, Houston and San Antonio.

Capital Markets Activity

During the fourth quarter of 2011, the Company completed a number of debt related activities aimed at managing its near term maturities and capital costs.

As previously announced, on October 25, 2011, the Company entered into a new \$900 million unsecured revolving credit facility, replacing its prior \$600 million facility. The new facility has an initial term of four years, includes a one-year extension option and contains an accordion feature that allows the Company to increase the facility to \$1.35 billion.

Based on the Company's credit ratings at the time of closing, the credit facility carried an interest rate equal to LIBOR plus a spread of 122.5 basis points and a facility fee of 22.5 basis points.

Coinciding with the closing of the new revolving credit facility, the Company amended and re-priced its \$250 million unsecured term loan due in January 2016. The term loan was re-priced to LIBOR plus 142.5 basis points from LIBOR plus 200 basis points and its underlying covenants were aligned with those of UDR’s new revolving credit facility. Additional details related to these debt activities can be found in the [October 25, 2011](#) press release on the Company’s website at www.udr.com.

In addition, the Company prepaid a \$100.0 million secured mortgage at par in November. The mortgage had an interest rate of 6.78 percent and was originally due in May of 2012.

In the fourth quarter of 2011, the Company raised \$15.5 million of equity through the sale of approximately 630 thousand shares at a weighted average net price of \$24.67 per share under its "At the Market" equity offering program. In 2011, the Company raised a total of \$989 million of equity from a combination of "At the Market" proceeds, a secondary offering completed in July and the issuance of operating partnership units.

Balance Sheet

At December 31, 2011, UDR had \$738.7 million in availability through a combination of cash and undrawn capacity on its credit facilities. Potential sources of additional capital include the Company's \$5.0 billion of unencumbered assets (on a historical non-depreciated cost basis), 7.4 million shares available for issuance under its "At the Market" equity offering program in addition to \$400 to \$600 million in expected dispositions in 2012.

UDR's total indebtedness at December 31, 2011 was \$3.9 billion. The Company ended the fourth quarter with fixed-rate debt representing 73 percent of its total debt, a total blended interest rate of 4.0 percent and a weighted average maturity of 4.4 years. UDR's fixed charge coverage ratio (adjusted for non-recurring items) was 2.6 times at year-end 2011 versus 2.3 times a year ago.

Post Quarter Activity

Joint Venture Investment Activity

On January 12, 2012, UDR formed a second real estate joint venture with MetLife (UDR/MetLife II) wherein each party owns a 50 percent interest in a \$1.3 billion portfolio of 12 operating communities containing 2,528 apartment homes.

The 12 operating communities in the joint venture include seven communities from the Company's first real estate joint venture with MetLife (UDR/MetLife I) formed on [November 8, 2010](#), while the remaining five communities were newly acquired by UDR/MetLife II. The newly acquired communities, collectively known as [Columbus Square](#), are recently developed, high-rise apartment buildings located on the Upper West Side of Manhattan and were purchased for \$630 million. Additional details related to the transaction can be found in the [January 12, 2012](#) press release on the Company's website at www.udr.com.

With the closing of UDR/MetLife II, the original joint venture between the parties, UDR/MetLife I, now comprises 19 operating communities containing 3,930 homes as well as 10 vacant land parcels. Historical cost of the venture is \$1.8 billion and the Company's weighted average ownership interest in the UDR/MetLife I operating communities is now 12.6 percent and 4.0 percent for the land parcels in the venture.

Capital Markets Activity

On January 5, 2012, the Company priced a ten-year, \$400 million offering of 4.625 percent senior unsecured notes under its existing shelf registration. The notes will mature on January 10, 2022. This offering fulfills the Company's full-year 2012 guidance for \$400 million in new debt issuances. A portion of this offering was used to repay \$100 million of 5 percent unsecured debt originally due in January 2012. Additional details related to the transaction can be found in the [January 5, 2012](#) press release on the Company's website at www.udr.com.

In addition, the Company prepaid a \$30.6 million mortgage at par in January 2012 that was secured by its 21 Chelsea community in Manhattan.

In January 2012, the Company raised \$29.1 million of equity through the sale of approximately 1.2 million shares at a weighted average net price of \$24.68 per share under its "At the Market" equity offering program.

FFO is defined as net income (computed in accordance with GAAP), excluding impairment write-downs of depreciable real estate or of investments in non-consolidated investees that are driven by measurable decreases in the fair value of depreciable real estate held by the investee, gains (or losses) from sales of depreciable property, plus real estate depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. This definition conforms with the National Association of Real Estate Investment Trust's definition issued in April 2002. UDR considers FFO in evaluating property acquisitions and its operating performance and believes that FFO should be considered along with, but not as an alternative to, net income and cash flows as a measure of UDR's activities in accordance with generally accepted accounting principles and is not necessarily indicative of cash available to fund cash needs.

RE3 gain on sales, net of taxes, is defined as net sales proceeds less a tax provision and the gross investment basis of the asset before accumulated depreciation. We consider FFO with RE3 gain on sales, net of taxes, to be a meaningful supplemental measure of performance because the short-term use of funds produce profits which differ from the traditional long-term investment in real estate for REITs.
